Training evaluation report

Between security and family violence & trauma – attachment narrative approach

February 25th – March 1st 2019

Venue:

Warsaw

Description:

Narrative therapy is a research based on effective therapeutic approach used for group and individual therapy for older children victims of abuse and adults (their families).

Evaluation:

In total 22 participants were trained. Participants of the trainings were mainly therapists working in local Child Advocacy Centers.

Participants evaluated the training as follows:

1. Training's organization

   What do you think about the training's duration? (too many days, not enough, just enough)

   1 is the minimum grade and 5 is the maximum one

	1	2	3	4	5
Training's rhythm	0	1	1	5	7
Time for discussion	0	0	2	6	6
General training's organization	0	0	1	5	8

2. Training's content

1 is the minimum grade and 5 is the maximum one

	1	2	3	4	5
Discussed issues	0	0	1	8	5
Quality of trainers presentations	0	0	4	6	4
Relevance of the training content to the situation in your country	0	0	0	3	10
Correspondence of the training to your expectations	0	1	0	8	5

1. **What did you learn during the training? (from the theory and practice)**
new knowledge, possibilities of using this knowledge in practice, different strategies

2. **Are you going to use knowledge and tools learned during the training in your work?**	
Yes - 14	No - 0

3. **What did you like during the training and why?**
practical knowledge, interesting exercises, trainer's approach, friendly atmosphere

4. **What could be improved and why?**
more practical knowledge, slide's translation

5. **Which issues would you like to learn more in details?**
more practical aspects of narrative therapy, everything

6. **If the same type of training will be organized, will you come? Will you recommend it to your colleagues?**	
Yes - 11	No – 0
