We present to you a report on the activities of the Empowering Children Foundation carried out in 2023. This year we celebrated the 32nd anniversary of our organization. All these years we have been following the road towards a childhood without violence. We have managed to build and change a lot to ensure that children are protected from abuse. The information in this report only shows the last section of this road. Our strategic goals are our guide. Most of the activities implemented in 2023 are continuation and development consistent with the main goals of the Foundation – assistance, prevention, advocacy and mobilization.

Help means building an offer of specialized direct help for children affected by crimes in the network of Child Advocacy Centres and remote help for children in difficult life situations through our Helpline 116 111.

Prevention is the prevention of child abuse through support and education of parents and people working with children. Also by giving strength to children and young people themselves to avoid dangers and seek help.

Advocacy means identifying systemic and legal solutions that provide children with better protection against abuse, and seeking their implementation by decision-makers at various levels.

Mobilization means engaging people, institutions, organizations and companies to implement our mission – protecting children from violence.

I invite you to read the report and ask readers to see the work of a wonderful team of nearly two hundred employees, collaborators and volunteers of the Foundation behind the numbers and synthetic descriptions, and to see also support, change, opportunity, hope and relief that are shared by hundreds of our people – children and their caregivers.

Monika Sajkowska
*President of The Empowering Children Foundation
until January 2024*

We have been protecting children from violence and sexual abuse for over 30 years. We provide children and their caregivers with support, professional psychological and legal assistance and care. We teach adults how to react wisely and effectively to violence against children and what to do when they suspect that a child is abused. We support and engage parents to raise their children with love and respect. We influence Polish law to best protect the best interests of the child. We believe in violence-free childhood!

Year 2023

in the Empowering Children Foundation in numbers:

Help

Experiencing or witnessing abuse may have a negative impact on the development and physical, emotional and social functioning of a child, but it also may affect the child's later life. The research shows that people who experience abuse or sexual abuse are many times more likely to attempt suicide or other self-destructive behaviour. Thanks to various forms of direct help – psychological, psychotherapeutic, psychiatric and legal consultations, we provide children and their non-abusing parents with effective help to minimize the consequences of traumatic experiences.

Our support also applies to situations where a child has experienced abuse through electronic media (internet, telephone, etc.).

In addition, if children and young people experience any difficulties and threats or feel the need to talk, they can contact our Helpline for Children and Youth 116 111, which operates 24 hours a day, 7 days a week.

Child Advocacy Centres Network

Since 2018 we have been coordinating activities of ten Child Advocacy Centers Network, operating on the basis of the Barnahus model. This model assumes that children victims of crime, mainly of sexual abuse and violence, and their caregivers receive specialist, interdisciplinary help under one roof. Child Advocacy Centres implement common standards, and their basic value is the welfare of the child. They offer a space for a child-friendly interview for the children participating in criminal procedures, as well as medical, psychological, psychiatric and legal assistance. The interdisciplinary team of the facility works in cooperation with local services. At the moment our Foundation runs three CAC – in Gdańsk, Starogard Gdański and Warsaw. The further seven Child Advocacy Centres are run by partner organizations: the Szansa Association for Children and Youth in Głogów, the Klanza Association in Białystok, the Sempre a Frente Foundation in Lublin, the Moc Wsparcia Association in Sosnowiec, the NON LICET Foundation in Wrocław and the PoWer Foundation in Podhale, and Słonie na Balkonie Foundation in Łódź.

Goals:

development of the Network of Child Advocacy Centres in Poland providing interdisciplinary assistance to children – victims of crime and their families or caregivers.

Main activities:

organization of meetings, workshops, training and supervision for CAC teams operating within the Network and preparation of tools that support the organization of work in facilities and its evaluation.

Actions implemented in 2023:

- ➔ training for professionals working at Child Advocacy Centres (CAC coordinators, lawyers, therapists, first contact persons);
- ➔ training for teams of newly opened CAC facilities (CAC model, legal aspects of child protection);
- ➔ individual consultations;
- ➔ webinars.

Helping families from Ukraine

Due to the ongoing aggression of the Russian Federation against Ukraine in 2023, we continued our assistance to families from Ukraine so that they can cope with traumatic experiences and regain, as much as possible, a sense of security.

In our Child Advocacy Centres, we conduct individual therapeutic sessions, psychiatric and legal consultations. We also organize forms of group support as well as workshops and trips.

We also conducted some of our educational activities in Ukrainian, so that children, parents and professionals from Ukraine could participate in them.

The helpline for children and youth 116 111 in Ukrainian and Russian is still operational. We talk to children who miss their home in Ukraine, their family. These calls also include calls from people who experience domestic violence, self-harm or have suicidal thoughts. By talking to consultants, they regain balance and strength to face their problems. Helpline assistance in Ukrainian and Russian is available from Monday to Friday from 14:00 till 24:00.

Actions implemented in 2023:

- ➔ individual consultations with children and adults (psychological, psychiatric);
- ➔ legal consultations;
- ➔ supervision, support and training groups for professionals working with refugees from Ukraine;
- ➔ assistance in Ukrainian and Russian at 116 111;
- ➔ material and in-kind aid;
- ➔ translation of educational materials into Ukrainian;
- ➔ podcasts;
- ➔ brochures for children and parents/caregivers coming from Ukraine to Poland;
- ➔ workshops for children.

Year 2023 in numbers

4446

calls answered on the 116 111 Ukrainian-language line

Prevention

Activities aimed at preventing child abuse are of great importance for us. We educate parents and provide them with psychotherapeutic help to raise children without violence. We support families and professionals in the safe use of new technologies. Our offer can also be used by organizations and institutions that want to comprehensively ensure the safety of their children: nurseries, kindergartens, schools, non-governmental organizations, sports clubs. We support them in implementing child protection standards, together making these places safer for children. We also educate the public so that they can react appropriately in situations where there is a suspicion that a child may be experiencing abuse. We also run an educational platform where we collect all educational materials prepared by the Foundation and share them with users free of charge.

Re-granting programme

After the start of a full-scale war in Ukraine, we not only tried to organize help in our centres, but also to support other non-governmental organizations and institutions in helping people from Ukraine. In 2023 we also continued these activities, they were implemented in the following towns and cities: Poznań, Białystok, Katowice, Lublin, Łódź, Ludźmierz, Wrocław, Olsztyn, Sosnowiec, Głogów, Rzeszów.

Actions implemented in 2023:

- ➔ individual and group therapeutic assistance for children and adults;
- ➔ individual psychiatric assistance for children and adults;
- ➔ legal assistance;
- ➔ providing safe spaces for children;
- ➔ consultations with a paediatrician;
- ➔ community care;
- ➔ translations;
- ➔ community care and social counselling;
- ➔ psychoeducation;
- ➔ integration activities;
- ➔ promotional and information activities;
- ➔ lessons of Polish;
- ➔ food and material support;
- ➔ substantive support for professionals (e.g. training on child protection standards);
- ➔ individual and group supervision for grantees' staff;
- ➔ introducing/updating the Child Protection Policy in organizations;
- ➔ renovation works and equipping of selected facilities.

Financing:

- ➔ IKEA
- ➔ Ingka
- ➔ UNHCR
- ➔ World Childhood Foundation
- ➔ Plan International Inc.
- ➔ Save the Children International
- ➔ Terre des Hommes Netherlands

Year 2023 in numbers

In total,

10,872

children and over 6 256 adults benefited from the programme's assistance

Child Protection Standards

Goals:

protecting children against violence by adults and peers by implementing child protection standards, including the Policy of Protecting Children against Violence, in facilities and institutions where children are staying.

Main activities:

providing institutions and organizations with an educational offer helpful in implementing child protection standards, ongoing support in introducing systemic solutions to protect children from violence.

Actions implemented in 2023:

- ➔ development of the manual “Standards for the protection of children in medical facilities”;
- ➔ development of a series of publications devoted to the protection of children against abuse addressed to medical professionals;
- ➔ conducting a pilot implementation of child protection standards at the Warsaw Medical Care Center KOPERNIK sp. z o.o. (a series of training and consultations for hospital staff, support in creating procedures and rules);
- ➔ development of the manual “Child Protection Standards in Non-Governmental Organizations”;
- ➔ consultations on the development and implementation of child protection policies;
- ➔ education for employees of facilities providing care for children up to 3 years of age on the protection of children against violence (webinars for day care providers and an e-learning course for nursery employees);
- ➔ supporting centres in implementing child protection standards through education of staff, parents and children staying in refugee centres (classes for parents on non-violent upbringing, socio-therapeutic workshops for children on recognizing threats, support group meetings for parents and online training for centre staff);

- ➡ starting a pilot program for introducing child protection standards in youth education centers (study visits and a series of workshops for staff and foster children);
- ➡ implementing child protection standards in clubs and sports associations (workshops, consultations, and working group meeting);
- ➡ development and publication of the brochure “Attentive Centre, Attentive Organization. A Practical Guide for Employees of Entities Obligated to Implement Child Protection Standards”;
- ➡ preparing a group of several dozen trainers to conduct training on child protection standards.

Year 2023 in numbers

2635

participants of trainings, webinars, consultations and workshops on child protection standards

45

organizations for which consultations were carried out regarding the introduction of child protection policies

Lighthouse Parenting Center

The Child and Family Centre is a preventive facility of the Empowering Children Foundation intended for parents of children up to 6 years of age. The Centre's specialists have been supporting parents in building their relationships with their children for over 15 years, assisting them in changing parental attitudes, developing parental competences and moving away from unconstructive parenting methods towards building relationships based on respect and love.

In October 2023, the Child and Family Centre transformed into the Lighthouse Parenting Centre in cooperation with the Lighthouse MBT Parenting Program. The counselling centre has remained focused on the preventive area for parents of children up to 6 years of age, though the basic method of psychological work has changed. Counselling professionals work with parents basing on mentalization. The Lighthouse Parenting Centre is the first counseling center in Poland working with parents basing on mentalization.

Goals:

protection of young children (0-6 years old) against abuse through support and education of parents/caregivers in upbringing without violence, promotion of good parenting.

Main activities:

direct support for parents of young children basing on mentalization, a proven method of working with parents at risk of child abuse, support for children aged 0-6, support for professionals working with parents of young children, support for interdisciplinary cooperation.

Actions implemented in 2023:

- ➔ direct help for families at risk of abusing young children and parents who need support, experience emotional and educational difficulties, and find it difficult to find their place in their role (consultations, therapy, psychological and psychiatric support), as well as help for young children;
- ➔ parenting skills workshops – “I can stop”, support groups for mothers and separately for fathers, therapeutic groups “Parent like a lighthouse”, therapeutic groups “Taming depression”, support group for mothers – citizens of Ukraine;
- ➔ organization of the Conference “Caution with the Child – prevention of abuse of young children”;
- ➔ preparation of 4 podcasts for parents;
- ➔ conducting a “Study for professionals working with fathers”;
- ➔ webinars for parents;
- ➔ co-running the website for parents: dziennik.fdds.pl.

Training and Events Department

Goals:

standardisation of the ECF's educational offer and providing organizational support for educational activities.

Main activities:

diagnosing the needs to support educational activities in all programs and departments of the Foundation, diagnosis of training needs, verification and standardization of training scenarios and educational materials, organization of training and conferences, systematic evaluation of events and implementation of conclusions, development of the educational offer, supporting the training team, administration of the educational platform, its promotion and periodic sending of a newsletter to registered people, building partnerships with sub-contractors, developing and implementing training standards in terms of new tools and competences, educational support for international humanitarian organizations and other interested entities.

Actions implemented in 2023:

- ➔ 20th National Conference "Child Victim of Crime" in the Palace of Culture and Science in Warsaw;
- ➔ administration of the education.fdds.pl platform and contact with users;
- ➔ support in the implementation of events organized at the Foundation and training for the coaching team;
- ➔ podcast production;
- ➔ co-organization of webinars;
- ➔ account administration and coordination of the use of tools for conducting online events;
- ➔ training of staff at Blue Dot and Spilno Hub points in cooperation with Unicef.

Advocacy, research and expertise

We research current trends in the area of child abuse, we use research results to set the Foundation's strategic goals. We evaluate and constantly try to improve our activities. We carefully observe legal changes in the field of child protection. We propose a proven solution to better protect children from abuse and we work with various entities to implement them. On the basis of research results, experience in direct help and legal analyses, we develop expert opinions, which we share with decision-makers at various levels of Polish administration.

Research Department

Goals:

broadening knowledge on the subject of abused children, diagnosis and expertise for the Empowering Children Foundation's programs.

“Abused Child” Quarterly

“Abused Child. Theory, Research, Practice” is a periodical published by the Empowering Children Foundation. The journal is interdisciplinary. Its aim is to broaden the knowledge of professionals – psychologists, educators, doctors, lawyers, social politicians and others – about various aspects of the problem of child abuse. The “Abused Child” cooperates with international journals focusing on the child abuse problematics – “Child Abuse & Neglect” and “Child Maltreatment”.

In 2023, four issues of the journal were published:

- ➔ Quarterly: Vol 22, No 1 (2023): **Systemic Child Protection**
- ➔ Quarterly: Vol 22, No 2 (2023): **Child sexual abuse – legal and psychological perspective**
- ➔ Quarterly: Vol 22, No 3 (2023): **Child Abuse Perpetration**
- ➔ Quarterly: Vol 22, No 4 (2023): **Diagnosis of the scale of abuse against children and youth**

Legal Department

Goals:

legal assistance to the clients of the Empowering Children Foundation, legal services for the Foundation; implementation of the rights of children participating in legal procedures, education and raising awareness of professionals, lobbying activities for changes in the law in the area of protecting children from abuse.

Main activities:

legal consultations – in person or by phone calls – for the Foundation’s clients and for specialists working with children, internal services, legal services for programs and departments, undertaking legal interventions, legal volunteering, ombudsman activities. Implementation of the project “Child-Friendly Justice System”.

Actions implemented in 2023:

- ➔ direct consultations for parents/legal guardians of children – victims of crimes and in cases involving children;
- ➔ phone and e-mail consultations;
- ➔ promoting the institution of a probation officer representing a child victim in criminal proceedings;
- ➔ implementing the project “Child Victim of Crime Caregiver” (providing information by volunteers on interventions for the benefit of the child, psychological and legal support for young witnesses and their parents/caregivers and preparing them to participate in court hearings or interviews);
- ➔ participation in the work of the Monitoring Team for Counteracting Domestic Violence at the Minister of Labour and Social Policy and the Interdisciplinary Team Targówek/GR;
- ➔ applying to the court on respecting the rights of the child (*amicus curiae*);
- ➔ lobbying for a change in child protection law;
- ➔ conducting training for judges, prosecutors, advocates, legal advisers, police officers, court experts, as well as psychologists and educators in the field of preparing a child for hearing and conducting the hearing;
- ➔ petition to take a legislative initiative to amend Art. 185a, b, c and d of the Act of June 6, 1997, Code of Criminal Procedure, in order to provide children up to 18 years of age – victims of crime – with a child-friendly hearing;
- ➔ educational activities addressed to professionals, parents and children – victims and witnesses;
- ➔ meetings of the Lawyer’s Club;
- ➔ legal workshops for people representing their children in criminal proceedings;
- ➔ running the Child Rights Academy project.

Social mobilization

We know that a lot can be achieved when people have a common goal and actively participate in both identifying needs and being part of the solution. We want everyone to be able to support us in our mission to protect children from violence. We develop awareness among adults on the violence against children and the risks associated with it. So that everyone can react to violence against children and share this knowledge with others. Our activities are possible thanks to the support of citizens: one-time donations, monthly payments, 1.5% income and collections. We also encourage companies to implement the principle of corporate social responsibility in cooperation with our Foundation.

PR Department

Goals:

not only building a coherent image of the Empowering Children Foundation, but above all, reaching out to opinion leaders and a wide range of recipients in society in order to educate, build awareness and sensitize about the problem of child abuse in Poland and methods of preventing it. These activities take place throughout the year in multiple channels, through media relations, social media, the website, as well as outdoor activities.

Main activities:

in addition to media relations, social media and the website, the PR department supports the Foundation by creating branding and promotional materials, harmonizing visual identification, patronage, supporting grant and business partnerships, as well as organizing events, among others the Alina Magrolis-Edelman Gala Reception. On a daily basis, the team also presents legal and psychological issues which are key to improving the situation of children in Poland, in a simple and understandable way.

National Coalition to Protect Children (KKOD)

In October 2023, on the initiative of the Empowering Children Foundation, the National Coalition for Child Protection was established. The Coalition was joined by 18 non-governmental organizations from all over Poland, which carry out the mission of protecting children from violence. The goal of the Coalition is to exchange experiences and improve leadership and design competences in organizations. Cooperation of organizations associated in KKOD will also enable joint advocacy in matters of improving the system of assistance to children and families, as well as the implementation of preventive projects. KKOD's activities are coordinated by the Empowering Children Foundation.

Organizacje członkowskie:

- ➔ Fundacja Polki Mogą Wszystko
- ➔ Empowering Children Foundation
- ➔ PoWer Foundation
- ➔ Semper a Frente Foundation
- ➔ Słonie na Balkonie Foundation
- ➔ Moc Wsparcia Association
- ➔ Foundation for Social Psychoprophylaxis PRO-FIL
- ➔ SZANSA Association for Children and Youth
- ➔ NON LICET Foundation Helping Victims of Domestic Violence
- ➔ Polish Association of Educators and Animators KLANZA, Białystok Branch
- ➔ Child in the Center Foundation
- ➔ Arka Children and Family Assistance Association
- ➔ Grudziądz Homini Child and Family Assistance Society
- ➔ Committee for the Protection of Child Rights
- ➔ PSAR – Podkarpackie Association for Active Families
- ➔ Częstochowa ETOH Association
- ➔ National Emergency Service for Victims of Domestic Violence
- ➔ Mały Duży Człowiek Foundation
- ➔ Polish Women Can Do Everything Foundation

The implementation of our activities is also possible thanks to the work of other departments: accounting and human resources, IT, administration and HR.

Only together we can empower children!
